EDUCATION

University of North Carolina at Chapel Hill

May 2028

School of Data and Information Sciences, Data Science B.S.

Wake Technical Community College

May 2026

Associate in Science

Honors: Dean's List (Fall 24', Fall 25')

WORK EXPERIENCE

AI Trainer, Handshake, Remote

April 2026 – Present

- Collaborated with the Handshake AI Fellowship program to improve generative AI through feedback and evaluation.
- Evaluated and improved responses generated by large language models (LLMs) using detailed quality guidelines.
- Performed quality assurance by comparing 2 AI-generated responses or images per task to identify errors, inconsistencies, and differences in quality.

To-Go Host, Texas Roadhouse, Wake Forest, NC

April 2024 – July 2025

- Handled taking and packaging takeout order accurately and efficiently, ensuring customer requests were fulfilled as well.
- Utilized a POS system to process cash and card payments while also ensuring payments were made correctly during high-volume hours.
- Coordinated with the kitchen and 5-6 front-of-house staff members to ensure orders were prepared on time and promote a smooth workflow.

PROJECT EXPERIENCE

Los Angeles Dodgers Analytics Dashboard | Python, Streamlit, scikit-learn, pandas

July 2026 – Present

- Built an interactive dashboard in Streamlit using live MLB API data to analyze batting, pitching, and team performance.
- Developed a Random Forest model using 2023-2026 MLB season data to predict Dodgers win probability.
- Deployed the application with Streamlit Community Cloud and managed version control with Git/GitHub.

Photography & Chemistry Research Presentation | General Chemistry II

September – December 2025

- Researched and presented a project examining the relationship between photography and chemistry.
- Analyzed redox reactions, combustion chemistry, and thermochemistry using academic sources and journals.
- Produced an organized visual presentation explaining complex chemistry concepts to a general audience.

Loan Payment Calculator | JAVA Programming

November – December 2025

- Collaborated with a team to develop a Java application calculating loan payments/interest under extra payment scenarios.
- Applied key programming concepts to process user input, test values for accuracy, and perform financial calculations.
- Presented the application and project results to the class through a project presentation.

LEADERSHIP & INVOLVEMENT

Society of Hispanic Professional Engineers (SHPE)

August 2026 – Present

- Participate in professional development and networking opportunities geared for Hispanics in STEM fields.
- Attended resume workshops to strengthen resume content, formatting, and presentation.
- Engage with fellow peers through SHPE meetings and activities to expand my professional network.

Association of Latino Professionals for America (ALPFA)

August 2026 – Present

- Participate in professional development and networking opportunities as an active member of ALPFA.
- Applied feedback from ALPFA resume workshops to improve resume structure and presentation.
- Engage with fellow Latino student members to build connections and stay involved in UNC's professional community.

Carolina Student Transfer Excellence Program (C-STEP)

April 2025 – Present

- Participate in academic and professional development, including on-campus programming at UNC-Chapel Hill.
- Engage with peers, advisors, and faculty through regular meetings to build community.
- Contribute to volunteer-led programs by volunteering with Rise Against Hunger, collaborating with fellow students to package meals.
